Registered Candidates: Check and arrange Other access requirements after 13th October

The screenshot displays the University of Oxford registration interface. A 'View candidate' modal is open, showing details for John Smith. The modal includes fields for Surname, Forename, Date of birth, Email address, Course Name, UCAS ID, Test 1, Access requirement Y/N?, Access requirement, Access Arrangement, Extra time, Other access arrangements, Disability, and Enter disability. The 'Other access arrangements' field is highlighted with an orange box and contains the text 'Reader/ Scribe/ Prompter/ Practical Assi...'. Below the modal, a table lists candidates with columns for UCAS ID, Name, Email, Course Name, Access requirement Y/N?, Access Arrangement, and Action. The first row in the table is highlighted, and its 'Action' column contains a view icon (an eye) and a lock icon, both highlighted with orange boxes. A red arrow points to the view icon with the text 'Click on the view icon.'.

UNIVERSITY OF
OXFORD

ANSWER BOOKLET

Surname:			
Forename(s):			
School/centre name:			

UCAS number:			
Candidate number:	P	Date of birth:	

Total 26 questions [100 Marks]

Answers should be written on the question sheet in the spaces provided and you are encouraged to show your working. You should attempt as many questions as you can. Please write your candidate number on every page you use.

Please only use a black pen, pencils are not allowed.

Answers should be given exactly and in simplest terms unless indicated otherwise. Indicate multiple-choice answers by circling the best answer. Partial credit is available for correct workings in multiple choice questions. The numbers in the margin indicate the marks expected to be assigned to each question. You are advised to divide your time according to the marks available.

Candidates must NOT bring their own calculators, of any description, into the exam.

A scientific calculator is available for you to use on the test platform, by clicking this icon in the top-right corner of the screen: 

No tables or formula sheets may be used.

WARWICK
THE UNIVERSITY OF WARWICK

MATHEMATICS ADMISSIONS TEST CANDIDATE ANSWER BOOKLET

For candidates applying for Mathematics, Computer Science, or one of their joint degrees at the UNIVERSITY OF OXFORD and/or degrees at IMPERIAL COLLEGE LONDON and/or degrees at the UNIVERSITY OF WARWICK.

October 2023
Time allowed: 2½ hours

You must use a pen throughout the test.
Calculators are not permitted.
Please complete the following details in **BLOCK CAPITALS**.

Surname	
Other name(s)	
Candidate Number	M

During the test, please write your **Candidate Number** at the top of each page as indicated.

The test contains 6 questions of which you should attempt 5.

If you are applying to Oxford for the degree course:

- Mathematics / Mathematics & Statistics, or Mathematics & Philosophy, you should attempt Questions **1, 2, 3, 4, 5**.
- Computer Science, or Mathematics & Computer Science, or Computer Science & Philosophy, you should attempt Questions **1, 2, 3, 5, 6**.

If you are not an Oxford applicant, you should attempt Questions **1, 2, 3, 4, 5**.

Further credit cannot be obtained by attempting extra questions.

Question 1 is a multiple-choice question with ten parts. Marks are given solely for correct answers, but any rough working should be shown in the pages in this booklet. Answer Question 1 on the grid on the next page. Each part is worth 4 marks.

Answers to Questions 2-6 should be written in the space provided in this booklet, continuing onto the blank pages at the end of this booklet if necessary. Each of Questions 2-6 is worth 15 marks.

- ✓ Ensure that candidates appearing for PAT / MAT are handed over the printed version of the Answer Booklet.
- ✓ Ensure that candidates appearing for PAT / MAT have entered all the required information in the Answer Booklet

Live Invigilation – Activities during the test

- ✓ Ensure that no candidate is trying to perform any malpractice
- ✓ Ensure that candidates are not talking to each other during the test
- ✓ Ensure that candidates do not disturb others while asking a query (Raise a hand)
- ✓ Ensure that candidates do not navigate to other applications or browser or their test will get locked
- ✓ Ensure that candidates are writing PAT / MAT / MLAT (Russian & Modern Greek) responses only on their answer booklet

Monitoring Dashboard – Select the file from local system

The image shows a web application interface for a monitoring dashboard. At the top, there are tabs for "Attendance" and "Admin actions". Below this is a blue header with the text "About admin actions" and a link to "Click here to download the monitoring dashboard guidance".

The main content area has a search filter section with the text "Filter your search". It includes a dropdown menu for "Candidate details", a "Current Status : All" dropdown, and a "Submit Status : All" dropdown. There are three green buttons: "Search", "Reset", and "Backup upload", along with a "Cancel" button.

Below the search section is a "Candidate details" section with a refresh icon. It contains a table with columns for "Candidate Details", "Attempt Details", and "Started".

Candidate Details	Attempt Details	Started
<input type="checkbox"/> Gupta Sandeep M238162	0 Interruptions	09/22/2023 (GMT+5:30)
<input type="checkbox"/> Gupta Sandeep M157209	0 Interruptions	09/22/2023 (GMT+5:30)

On the right side of the table, there are "Comments" and "Actions" columns. The "Actions" column contains icons for file upload, file view, and file download.

An "Open" file dialog is overlaid on the dashboard. The dialog title is "Open" and the current path is "Downloads > PDF Files". The search bar contains "Search PDF Files". The dialog shows a list of files with columns for "Name", "Date modified", and "Type". The file "E535382" is highlighted with an orange box. Below the list, there is a text prompt: "Select the file corresponding to the candidate". The dialog also shows a "File name:" field, a file type dropdown set to "All Files", and "Open" and "Cancel" buttons.
